EDUCATION

Alabama State University | Montgomery, AL | B.S. Computer Science, Minor in Accounting | Expected Dec,

Relevant Coursework: • Artificial Intelligence • Data Structures & Algorithms, Calculus III, Computer Architecture, Cost Accounting, Financial Accounting II

LANGUAGES, TOOLS/SOFTWARE, AND TECHNICAL CONCEPTS

• C • C++ • Python • Microsoft Excel • HTML • CSS • JavaScript • Data Analytics • Data Visualization • Artificial Intelligence • Machine Learning

WORK & LEADERSHIP EXPERIENCE

Disney College Program (HBCU Cohort) | Technical Intern | Orlando, FL | Summer 2024

Selected out of a highly competitive pool, with only 20% of applicants chosen for this prestigious program.

- Leveraged technical troubleshooting skills within a high-pressure, \$10M+ operational environment, maintaining system integrity for guest entry systems/ Attraction control sensors.
- Collaborated with engineering teams to monitor and optimize proprietary park management software, reducing system downtime and enhancing the guest experience.
- Utilized enterprise asset management (EAM) software and diagnostic tools to perform real-time data monitoring of technical system, ensuring operational efficiency for park attractions.

FOWA Health IT Program | Product Development Intern | Montgomery, AL | Fall 2024

Awarded 3rd Place in the Health IT Innovation Challenge for the development of “The Pacemaker.”

- Engineered “The Pacemaker,” a centralized Health Information Exchange (HIE) platform built with Python to bridge critical data gaps between EMS and hospitals.
- Emergency Solutions: Designed a system allowing first responders to instantly access encrypted patient data (medical history/disabilities) for accident victims to improve “Golden Hour” outcomes.
- Strategic Planning & Pitching: Orchestrated a comprehensive project budget for cloud infrastructure while presenting technical prototypes and scalable business proposals to investors.

HP Technology Ambassador (via FOWA) | Campus Ambassador | Montgomery, AL | Fall 2023

Assisted in the development of educational content and workshops, presenting on various HP technologies such as laptops, printers, and software solutions

- Conducted technology workshops and product demonstrations.
- Provided technical support and increased HP product awareness among 400+ students.

PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website from scratch to showcase technical projects, certifications, leadership experience, and professional achievements.
- Showcases projects, certifications, leadership experience, and professional achievements.
- Website: <https://semajmorris.github.io/Semaj-techlife2026/>
